

## COURSE DESCRIPTION

### RECREATIONAL WALK

The recreational walk will commence at the Festival Site on the riverbank. It will continue south along the floodbank of Blairatholl Walkway until reaching the Rhododendron Dell. This next section is optional. Those wanting to take the extra 10min hike up the Dell can do so. This section is not suitable for prams/push chairs. Turn around and head back until you reach the Hospital Road floodbank. Once at end of floodbank turn left on to Hospital Road and stay on footpath until you reach Clyde Street. Take a left turn (North) onto Clyde Street and then your next left on to Charlotte Street keeping on the left side of the street. Follow Charlotte Street until the sharp bend in the road (beside the helicopter pad) and then proceed through the gate, back onto the floodbank. Follow the floodbank towards the bridge. Finish line is at the Festival Site.

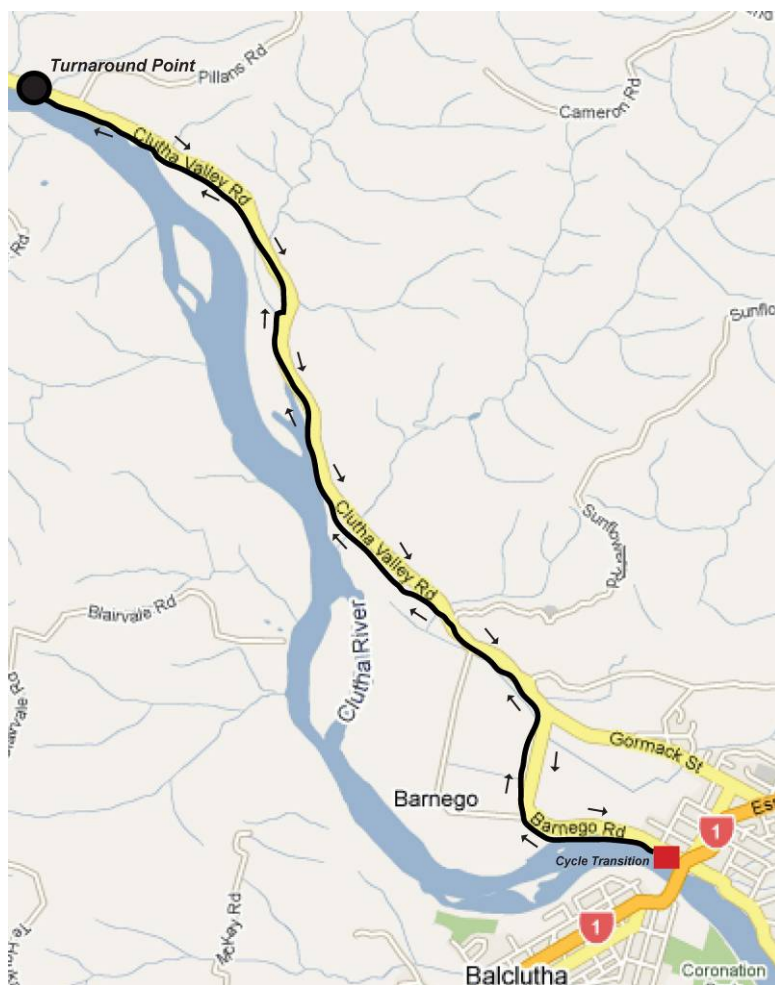

### Duathlon RUN

Run will start at Festival Site by the riverbank. Commence south along the flood bank towards Blairatholl Walkway. Care will need to be taken due to the undulating ground on the floodbank. Take a left turn along the floodbank towards Hospital Road. Once at end of floodbank turn left on to Hospital Road and stay on footpath until you reach Clyde Street. Take a left turn (North) onto Clyde Street and then your next left on to Charlotte Street keeping on the left side of the street. Follow Charlotte Street until the sharp bend in the road (beside the helicopter pad) and then proceed through the gate, back onto the floodbank. Follow the floodbank towards the bridge. Run across the bridge, on the left hand side, to the cycle transition point, which is this year on the **left** as you come off the bridge, in the small carpark area on Hasborough Place (see map below).

### **Duathlon CYCLE**

Cycle begins from the transition area on the **west** side of the bridge. You must walk your bikes to the entrance of the car park and marshals will be there to supervise traffic control. THIS ROAD IS OPEN AT ALL TIMES so extreme care must be taken. Normal road rules apply at all times. Continue along Barnego Road and Clutha Valley Road until you reach the turnaround point on the straight, just past Pillans Road. Marshals will be there to supervise traffic control and if asked to stop by them then this must be obeyed. You must report your number to the marshals at this point. Once you have been around the marker at the turnaround point then continue back towards the carpark for the return journey to the transition for the final run home.

### **RUN**

From the transition point you will then return back along the bridge and back to the finish line at the Festival Site.

Please see the Children's Duathlon Entry Form for a Course Description of the Children's Duathlon Course.
